

A Little Bit Of Me

words & music by
John Dandrea

**I can't remember a daybreak without you there
can't believe that you care like you do
guess it's me. . . . guess it's you. . . .**

**I wish I knew how to tell you that I'll be there
when you're ready to share all of you
guess it's me. . . . guess it's you. . . .**

**I know we've been together for so many years
you may think there's nothing more to share
well baby, let me tell you now - all I know is
a little bit of me,
a little bit of you,
is all we need to love our whole life through.**

**I know you've heard it before, love, but there's no way
no words that I can say, but "I love you"
guess it's me. . . . guess it's you. . . .**

**I know we've been together for so many years
you may think there's nothing more to share
well baby, let me tell you now - all I know is
a little bit of me,
a little bit of you,
is all we need to love our whole life through**

All we need to love our whole life through
