

Keepin' Time

words: R. Neal Gracey
music: John Dandrea

**In my heart there's something only you can soothe
touch of manner, hint of mood
and my heart is like a rhyme
with the colors in my head, keepin' time**

**The scarlet sounds shake me like a cry
turn up the sound, I like the high
and my lonely spirit thrills
to see my lover, cool and skilled**

**Keepin' Time, I'm Keepin' Time
the colors in my head are Keepin' Time Keepin' Time
to see my Love, I'm Keepin' Time**

**There's something in her eyes, makes my blood a-stir
and I know I'm keepin' on, to follow her
when from every hill of flame,
I hear her call, she calls my name**

**Keepin' Time, I'm Keepin' Time
the colors in my head are Keepin' Time Keepin' Time
to see my Love, I'm Keepin' Time**
