

Three Crosses

words & music by
John Dandrea

**Well, it never used to cross my mind
even though I thought I understood
why my Lord and Savior had to die
upon that cross of wood
through the years as I grow older
I begin to finally realize
I can never understand the depth
of love within His eyes**

**Those three crosses - set upon a hill
it doesn't seem so long ago
'cause I can see them still
three crosses - set upon a hill
the Lord looked down at me
as He did His Father's will**

**Well, I looked over to his right
on another cross hung a thief
the Lord claimed him for paradise
because of his belief
then I saw a cross at His left
it was waiting there all the time
I saw it, empty, and I knew
instinctively, it was mine**

**Those three crosses - set upon a hill
it doesn't seem so long ago
'cause I can see them still
three crosses - set upon a hill
the Lord looked down at me
as He did His Father's will**
