

# ***A Jelly Bean Song***

words & music by  
John Dandrea

**beans, beans, jelly beans  
beans, beans, jelly beans  
beans, beans, jelly beans - jelly beans!**

**beans, beans, jelly beans  
I eat them all the time  
beans, beans, jelly beans  
I wish they all were mine  
beans, beans, jelly beans  
I love the red ones best -  
oh, you can have the yellow ones,  
and I will take the rest!**

**beans, beans, jelly beans  
beans, beans, jelly beans  
beans, beans, jelly beans - jelly beans!**

**beans, beans, jelly beans  
they help me make new friends  
beans, beans, jelly beans  
the good time never ends  
beans, beans, jelly beans  
a colorful delight -  
oh, if I'm not too sleepy,  
I kiss them all good-night!**

**beans, beans, jelly beans  
beans, beans, jelly beans  
beans, beans, jelly beans - jelly beans!**
