

Laughter In My Heart

words & music by
John Dandrea

**There's laughter in my heart, like a day at the park
sunshine makes the afternoon so bright!
campfire late at night, or a peppermint delight
your friendship is the laughter in my heart**

**and there's laughter in my heart, over you
you're the only one I tell my secrets to
you're the one I share my sandwich with - it's true
and there's laughter in my heart, over you
Over you**

**There's laughter in my heart, we'll never be apart
fishing is a lot of fun with you!
all day at the zoo, or making a kazoo
your friendship is the laughter in my heart**

**and there's laughter in my heart, over you
you're the only one I tell my secrets to
you're the one I share my sandwich with - it's true
and there's laughter in my heart, over you**

**there's laughter in my heart, over you
there's laughter in my heart, over you
over you over you!**
