

# ***Giveaways Come Back***

words & music by  
John Dandrea

**Giveaways come back  
what do you think of that?  
every smile you give to someone then -  
comes back to you again**

**Giveaways come back  
what do you think of that?  
reaching out to give to someone else -  
really helps yourself**

**and if you treat all others, the way you'd like to be  
then you can be a light for everyone to see  
and if you just remember to always stay on track  
then when you giveaway - the giveaways come back**

**Giveaways come back  
what do you think of that?  
open up your heart and be a friend -  
it helps you in the end**

**and if you treat all others, the way you'd like to be  
then you can be a light for everyone to see  
and if you just remember to always stay on track  
then when you giveaway - the giveaways come back**
