

Hugs, Like Bugs

words & music by
John Dandrea

**hugs like bugs
creeping up behind you when you least expect them to
sit down right beside you
wrap their arms around you
then they GET YOU - ewwww!!
there's nothing you can do!
hugs like bugs
hugs like bugs**

**hugs like bugs
watching you at night with their great big beady eyes
taking your french fries
those bugs are super-size
and they'll GET YOU - ewwww!!
there's nothing you can do!
hugs like bugs
hugs like bugs**

**hugs like bugs
mom is always waiting just to give her hugs to you
sits down right beside you
wraps her arms around you
then she GETS YOU - ewwww!!
there's nothing you can do!
hugs like bugs
hugs like bugs**
