

In The Middle Of My Heart

words & music by
John Dandrea

**In the middle of my night, I'm alone again
thoughts of you surround me like a long-lost friend
that I haven't seen in years, but at last we meet
I guess I better get some sleep**

**In the middle of my heart, was an empty room
and I didn't see that changing anytime soon
the echoes of my heart would fill that place
but that's before I saw your face**

**In the middle of my heart, is where you'll always be
in the middle of my dreams, you're the only one I see
when I think of you and me, we'll never be apart
I know just where to find you - in the middle of my heart.**

**In the middle of my day, as I think of you
and you tell me that you miss me - I miss you too
the twinkle in your eyes and of your smile
you've had my heart for quite a while**

**In the middle of my life, when I take a look
chances I was given, and never took
I let them pass me by, but I can see
there's only one place you can be -**

**In the middle of my heart, is where you'll always be
in the middle of my dreams, you're the only one I see
when I think of you and me, we'll never be apart
I know just where to find you - in the middle of my heart.**
