

# ***Even So, My Love***

words & music by  
John Dandrea

**Even so, I've waited for so long to let you know  
we've come so far through time  
and I just have to say  
I want to keep you close to me, my love - every day**

**Even so, there will come a time when God needs me to go  
there won't be words to say  
just let me tell you now  
we'll hold on tight and we will meet again - somehow**

**and if you find your love still shines clear and bright  
I'll sail across the sea  
to your shore, and hold you tight  
without an end in sight**

**Even so, there's just so much more of you to know  
you leave me wondering  
the look that's in your eyes  
telling me there won't be anymore - goodbyes**

**and if you find your love still shines clear and bright  
I'll sail across the sea  
to your shore, and hold you tight  
without an end in sight**

**Even so, my love  
Even so, my love**
