

Tugging At Your Heart

words & music by
John Dandrea

**If I seem a little distant
hard to reach, and far away
it's unintentional, as you know
but I'd always like to stay**

**you know where my heart is, always
wishing I was here with you
just can't keep my mind on work
I guess that's when you know it's true**

**and it's my way to stumble with words
each time they fall apart
and it's my way to come back to you
tugging at your heart - tugging at your heart**

**If it seems you hardly know me
don't think twice, trust your heart
maybe it takes a leap of faith
it can't be too late to start**

**and it's my way to stumble with words
each time they fall apart
and it's my way to come back to you
tugging at your heart - tugging at your heart**

I'll keep - tugging at your heart
